GRAND CIVIC AND MILITARY PROCES

In Philadelphia, February 22d, 1832, being the 100th Anniversary

GEORGE WASHINGT

The Soldier and Statesman

The day was ushered in on Wednesday morning with salvo's of cannon from the Arsenal in the city, and Navy Yard, two salutes of 100 guns were discharged; and at a very early hour the movement through the different streets of citizens and strangers of every age and both sexes gave notice of the full determination of all to share in, or witness the ceremonies prepared for the occasion. Every circumstance of the weather was favorable to the proposed festivity. Steps had been taken by the proper authorities to remove as far as possible the numerous obstructions through which the procession was to pass.

The [illegible] in the city were decorated with flags, ensigns and streamers, and the [illegible] fastened from their masts in the morning sun. The public buildings [illegible] as well as many private ones, displayed flags upon the occasion, which [illegible] gay.

We Dedicate The

1976 GOLDEN WARRIOR

Nicholas DiLullo
May 9, 1948--November 23, 1975

Mr. Nicholas DiLullo is remembered as being more than a teacher. He was a photographer and contributed considerably to the "Golden Warrior". He was concerned about the world beyond our campus and helped provide the Ecology Club with many environmental projects. He was a sailor and skippered his 39 foot schooner from Maine to Cape May last summer. More importantly, he was a sign and example of what a sincere, dedicated, and loving person is. For touching us in this way, he will always be with us.

SUPERINTENDENT

TO THE CLASS OF 1976:

This great country of ours is now celebrating its 200th birthday. We began 200 years ago with people who were willing to risk everything for a chance at a new life.

You are better prepared than your ancestors for a full and happy life. How highly do you value your opportunities? Will you continue to work for a better life for yourself and your fellow man?

We have faith in you just as those early settlers had faith in America. May each of you enjoy peace, prosperity and happiness in your future and may this great country of ours continue to grow and prosper.

Sincerely yours,
Donald C. Springle

Class History

Four years ago our ambition brought forth to this school a new class, steeped in loyalty and dedicated to the proposition that an indelible mark would be left upon our Alma Mater. The years have flown swiftly by, and history now records the major happenings of that class.

During the freshman year, the class of '76 had as its major activity the school jacket sale. This sale was so successful that it was repeated during the sophomore year. The junior year, however, brought a change of pace when candy became the product to be sold. The senior year has been one an ongoing pretzel sale. Members of the class worked diligently because of the awareness that all money made would defray the cost of the biggest activity of the senior year--the class trip to Mt. Airy Lodge.

The class of '76 boasts many outstanding athletes. In the field of golf--Robert Britt; in baseball--Charles Costello, Mike Aydelotte, Edward Scott, John Moran and James Moran; in tennis --Stephen Banchi, Mark Carter, Irv Anderson, Dave Roberts and Guy English; in basketball--Rich Flexon, James Punch, Charles Costello and Ed Scott; in swimming Ken Rambow and Steve Vacca; in track--Kevin Goldsborough, Keith Trendler, Dave Harris; and in soccer--Steve Vacca, Charles Costello, Mark Carter, Irv Anderson, and Mike Gorman.

Scholastic talent has been a strong asset in the class of '76. The top ten scholastic standouts are James Stelmach, Steve Vacca, Deborah Hickman, Donna Ratchup, Joseph Kowasa, Jean Sack, George Gesswein, Robert Mullins, Myles Burke and Charles Costello.

Perhaps the most notable qualities of the class may be listed as enthusiasm, dedication, cooperation and reliability. It is a hard-working group which has spiced the spirit of the school during its sojourn on campus. It truly exemplifies the SPIRIT of '76.

The school will little note nor long remember what we said here, but may it never forget what we did here.

The service projects are an inherent part of the organization's thrust, and for this year include the adoption of a local family for Christmas and Thanksgiving, and tutoring of fellow students who request help in school work. In addition, a graduation award is presented to the senior who has raised his scholastic average the highest number of points since the beginning of his sophomore year.

Those who wear the emblem must serve.

Student Council

Student Council Officers: President Ed Gorman; Vice-President Ken Lippincott; Treasurer Steve Banchi; Secretary Blanche Bou, Kathy Demore

Student Council is an important link between students and faculty. It serves as a means by which you can express your ideas and opinions and it suggests activities to give the school an added life. Every year the members throw a Christmas party for needy children in our area. They also sell hair nets and ice cones in order to make some money for the organization.

This year the varsity soccer team attempted ball control for more scoring opportunities. They were successful at this except they did not take full advantage of this.

Mr. Rueblinger was disappointed because he felt there was enough skill and hustle on the team to win ten games. He thought that the problems this year were in the areas of injuries, lack of good play within the conference, and the extensive away schedule.

The outstanding players whose endeavors were responsible for the wins in their schedule were: Mark Carter, Steve Vacca, Charlie Costello, Mike Gorman and Irv Anderson.

Returning players expected to help rebuild will be Rick Kibler, Gerry Kummer, Dennis McGovern, Vince Neiman, Paul Gemerek, Tim Ward and Ed Sheridan.

This year the varsity cross country team did not have a good record but they did have some good efforts from some of the runners and an excellent showing from one runner in particular. Russ Davis led the way for all runners except for one, Rich Ridenour. Rich, a junior in Radio and T.V. was undefeated in dual and tri meets. He placed 48th in the South Jersey Open and 16th in the Camden County Championships. He set many course records some of which have been around for years.

Rich had to finish in the top ten runners in the South Jersey Sectionals to run in the state meet. He finished 23rd in the race, but with many seniors graduating, his chances are very good for qualifying next year.

This year's team showed a definite improvement over last year's. The execution, which was much better, gave this year's team a 6-11-1 record compared with last year's 2-13-2. Mr. Blong was very happy with the attitude of this year's team who finished 5th in the Christmas Tournament. Ray Morgan, 122, Russ Marvin 141, Mark Carter 188 and Kevin Goldsborough Heavyweight, all finished second in the Christmas Tournament. Jim Pinto 129 and Brian Bennett 148 both finished fourth in their weight classes.

At the end of the regular season five wrestlers had winning (over .500) records. They are Jerry Kummer 115 (10-9), Ray Morgan 122 (14-4-2), Dan Scriboni 129 (6-5-0), Russ Marvin 141 (10-5-0), and Kevin Goldsborough Heaveyweight (13-6-0). Four wrestlers have wrestled for Mr. Blong since freshman year. They are Brian Bennett, Guy English, Kevin Goldsborough and Russ Marvin. This year's co-captains were Ray Morgan and Russ Marvin.

In Districts this year, Ray Morgan finished third. John Morgan and Russ Marvin finished fourth. Over-all the team's spirit was quite good and we look forward to an even better year next year.

SHOPS

Since our school's philosophy embraces the idea that work gives each of us dignity . . .

Since many of us are about to change from student worker to our life's careers . . .

Since we have and will continue to fashion the world around us by our working efforts . . .

WE ARE PROUD TO BE A PART OF THIS UNIVERSAL CONCEPT OF WORK.

"You work that you may keep pace with the earth and the soul of the earth . . ." Work is an ever changing aspect of all cultures. We call its development progress and as progress brings a better standard of life to the world, it has the potential to make us better people.

"To be idle is to step out of life's procession . . . when you work, you fulfil a part of earth's furthest dream, assigned to you when that dream was born . . ."

Some often protest that they wish to be free from boredom. We're never "just free", but rather we are always "free to do something". Freedom comes side by side with responsibility. In freel choosing our life's work we do seem to be carrying out a very natural plan for living.

". . . in keeping yourself with labour you are in truth loving life, And to love life through labor is to be intimate with life's inmost secret." At times the responsibility to support ourselves and our families may seem like a curse upon us. If we celebrate our life rather than just passing through the routine, we'll never label work an affliction.

". . . And I say that life is indeed darkness save when there is urge
And all urge is blind save when there is knowledge,
And all knowledge is void save when there is work,
And all work is empty save when there is love,
And when you work with love you bind yourself to yourself and to one another, and to God."

Wanting to make something of our individual lives can bring us joy. However, frustration will occur if we don't learn how to do our work. Happiness comes in our wise choices. The best in everyone's life are the things worth working for and the peace we seek will come when we like what we've done and how we've accomplished it. We learn about ourselves and others when we decide to show the world's specialness.

". . . if you bake bread with indifference, you bake a bitter bread that feeds but half man's hunger . . ."
"And what is it to work with love?
It is to weave the cloth with threads drawn from your heart . . .
It is to build a house with affection, even as if your beloved were to dwell in that house . . .
It is to charge all things you fashion with a breath of your own spirit."

The work that we choose matters little. The work of the mason can bring the same nobility as the work of the farmer. The dedication and commitment as well as that special touch which is ours alone is what serves as an example to those around us.

"Bubble, bubble, toil or trouble."

This isn't the bump, Steve!"

I knead some dough!

"Why do we always have to sit in the back of the bus?"

"Play it again, Sam? or is it Jim?"

You make the cheat sheet this time!

Just catching some rays.

"Who are we supposed to be rooting for anyway?"

Ron McCleary nervously awaiting the ball.

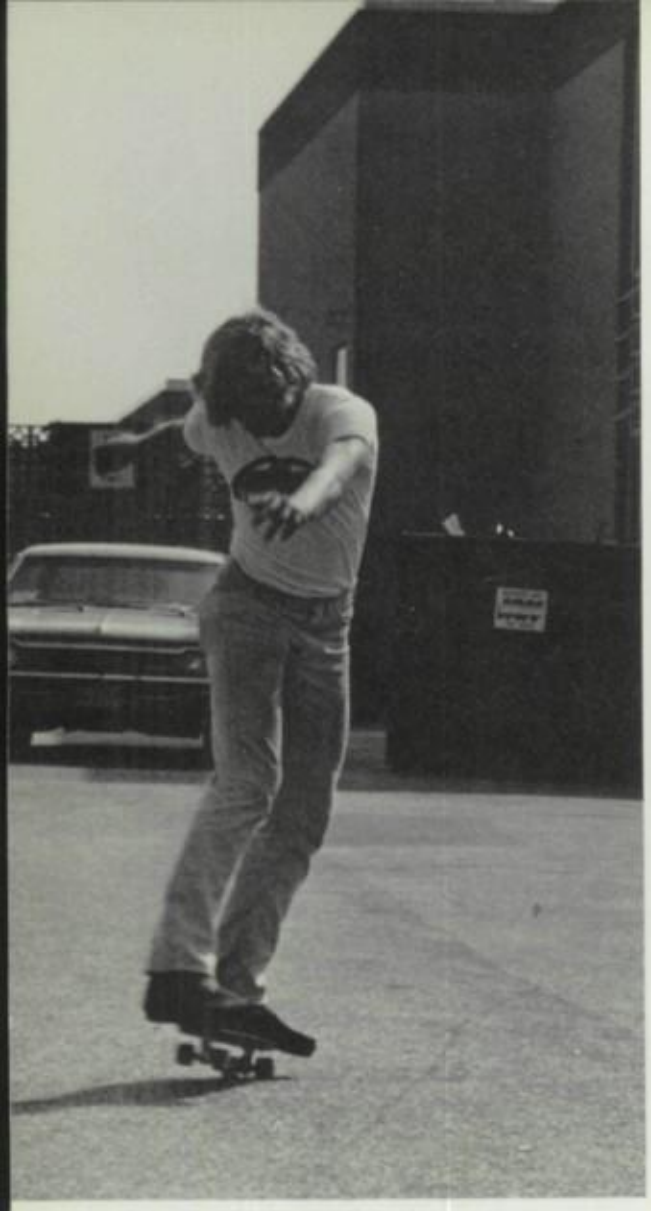
A bake shop creation.

All the happy faces at the Student Council Christmas Party.

On call again.

Rosie doing another job on some poor defenseless woman.

Markie with all his little friends.



The 1975-76 Skateboard Champ of C.C.V.T.S.

"Everybody say C H E E S E !

"We're singing in the rain. We're singing in the rain..."

"Now, is all is well this should self-destruct in 10 min."

"I don't know if I can play that tune?"

Myles Burke, diligently studying?

The piano man at work.

"This little piggy went to the market, this.....

"My you can really take the Heat?" "Why dearie didn't you ever hear of the bionic woman?"

"Is this Transylvania?"

Open House, May 1975.

An expression of sincere thanks to:

Mr. Miller, our principal, for a Yearbook room

Glick Studios, especially Mr. Weisgrau and Brian for photography

Shop teachers, expecially Mr. Green, Mr. Tolson and Mrs. Wirzman, for permitting staff members shop time to work on yearbook.

Mr. Osborne for last minute photography

Mr. Jennings and Mr. L. DiLullo

Mr. Ebbecke for developing last minute pictures

All coaches and activity advisors

Mr. Zeck for his moral support

Mark Carter, Deana DiDomenico, Tina Cello, and Mark Sowers for their hard work.

And an extra special thanks to Bill Flynn, Mark Frame, and Ken Scriboni. Without their hard work and dedication there would not be a 1975-76 Yearbook.

Thank you!
